Just as no two trees are alike, no two pieces of wood are alike. The variation of color and grain pattern in wood adds to its natural beauty and is not considered an imperfection. Environmental factors, including but not limited to artificial/natural light, moisture, cleaners, smoke, etc., may cause the darkening or mellowing of a cabinet over time. This is a natural process and can be expected.

This warranty does not cover the natural aging or darkening/mellowing of wood color. Nor does it cover the inherent growth characteristics of or variation in wood.

Some of the cabinet lines feature a glazed finish which accentuates the door and drawer front profiles. This glaze is applied by hand over a stain or paint and may, due to the nature of its application, consist of random drips, runs, etc. As a glazing is a hand applied process, there will be variations in color and appearance from door to door and from cabinet to cabinet. This is not considered a defect and is considered normal with hand applied finishes.

It is the nature of wood to expand and contract to varying degrees depending on climate conditions. As a result, cabinet lines with painted surfaces may show fractures in the paint at joints. This is normal and not considered a defect.

This warranty is valid only in the United States of America and Canada and is not transferable. All implied warranties are limited in duration to the shorter of the period provided by law or the period of this warranty. To the extent permitted by law, this warranty excludes special, incidental, or consequential damages. Some states do not allow the exclusion or limitations of incidental or consequential damages or limitations on how long an implied warranty lasts, so, the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights: you may have other rights which vary from state to state.
